

RENOVATION UPDATE

“Welcoming Children – Strategic Plan”

As we prepare to welcome infants and children to a new child care center in September, lots of work is taking place right now. Here is the first of many construction updates.

#1 - The large Conference room is getting a new coat of paint. This room will host Bible Black Belts on Sundays and other groups during the week.

#2 - The former youth room is being readied to host Godly Play. This room opens into the Fireside Room so there will be plenty of room to expand when needed.

#3 - Everything has been moved out of the kitchen to prepare it for new floors, walls and ceiling. The kitchen equipment is in the Fellowship Hall for now.

#4 - The youth are moving into this cool new space on the lower level. This room is getting new paint, flooring, and lighting. Youth Ministry will also use the stage and the Fellowship Hall which will give them much more room for games, etc. than the current youth room.

Please stay out of the areas where work is being done.

During this time of construction, groups and meetings are being moved to different spaces. It is really important to request a room reservation because there may not be any room at the INN. Contact Kay Halverson kay.halverson@lakeharrietumc.org to request meeting space.

As we move through this exciting time, let's be especially gentle and gracious with one another, practicing flexibility and patience.

Grace and peace,
Pastor Karen Bruins
